NUMBER 6

Funeral Services For Gordon Jensen

Funeral services over the remains of Gordon, 12 year old son of Mr. and Mrs. Henry Jensen were held in the 2nd Ward Chapel Sunday afternoon at 2 p.m. with Bishop L. L. Palmer in charge and Jos. McLean conducting the singing with Mrs. Emma Dahl at the console. There was a large crowd present to show their respects to the family and a lovely profusion of flowers, including wreaths from the school grades of deceased.

Songs were "Oh My Father," and "Sometime We'll Understand". Mr. and Mrs. Jas. E. Harker sang "In the Garden" and Miss Joannine Wilde sang "The Lord's Prayer" as special numbers.

The opening prayer was by Elder Jas. S. Anderson, the benediction by Leonard D. Watson and the grave was dedicated by Ervin J. Fawns.

Speakers were Bishops J.H. Walker, J. O. Hicken and L.L. Palmer and Mrs. C. A. Hudson. Mrs. Hudson and Bishop Hicken spoke of deceased's activities in the school room and paid tribute to his application to his studies as long as his health would allow and of his disposition and kindness with the other students. They offered their sympathy to the parents in their sorrow, but felt that it was a blessing that Gordon could go as his condition did not seem to improve.

Bishop Walker spoke of the realities of the resurrection and eternal life and said that if we could really understand the significance of what this meant that death would lose a great deal of its sorrow as the parting was only for a short time, and death was a promotion in to a higher sphere of action and life. Those who die in the Lord as Gordon had done would of a resurrection to the highest degree of glory.

Bishop Palmer added his tribute to the deceased and his parents and hoped the spirit of the Lord would ease their sorrow at this time. On behalf of the family he thanked all for their kindness during the lengthy illness of Gordon.

A large cortege followed the remains to the cemetery where interment was made in the family plot.

Dave Milne, Manager of the Furniture Dept. of T. Eaton's, Lethbridge was a Raymond visitor for awhile Tuesday.

Miss Adrienne Garner of the CW AC surprised her parents Monday night when she came home for a couple of days on leave.

Miss Vera Meldrum was guest of honor at a surprise party at her parents home Wednesday night with about twenty guests present. She left Lethbridge Thursday evening to return to barracks.

GAS COUPONS 4 GALLONS

Toronto, May 25. The office of the oil controller here, under Munitions Minister Howe, announced Wednesday night that the value of the gasoline ration coupon is 4 gallons, being raised from three to four gallons, effective 6 a.m. CDT. Thursday.

Hon. C. D. Howe, minister of munitions and reconstruction said last night that the gasoline ration may be increased to five gallons per coupon within three months and that gasoline rationing may be discontinued after that time. Mr. Howe said the reason was an improvement in shipping.

Gasoline rations for United States civilian motorists were ordered increased Wednesday night as a result of victory in Europe.

Effective June 22, the "A" card value will increase 50 p.c. from 4 to six gallons. On June 21 "B" card ceilings will increase two 650 miles per month throughout the country.—Leth. Herald.

Turcotte And Buchanan John F. Salmon Heads Heard Here Board Of Trade

The first meeting of the present political campaign was held in the Opera House Tuesday evening when Hon. W.A. Buchanan and L. S. Turcotte, both of Lethbridge addressed a small but interested audience on the record of the Liberal Government and the issues of the present election.

I. S. Turcotte, Liberal candidate for the constituency took his listeners into the records of the Liberal Government over a number of years and from statistics showed

that he was not talking of what might be, but of what had actually been done, and he also spoke of recent legislation just now coming into effect and of what the party had in mind for the years bringing the period from war to peace. He also mentioned irrigation as a subject in which this district is vitally interested. The speakers were given a hearty vote of thanks at the conclusion of the meeting.

Mr. and Mrs. Ted Meeks and Jas. Meeks spent last week in Calgary attending the horse races where Ted had some horses entered. Jas. El and Viola returned Sunday and Ted arrived home the following day.

The Rotary Club met as usual on Monday and arrangements are made now for regular meetings at the Sugar Bowl after several weeks of delays for one thing and another. All Rotarians please note and BE THERE. The time was spent in a discussion of Club business and civic affairs.

At the postponed meeting of the Board of Trade held last Monday evening, John F. Salmon was elected assistant of the Board of Trade to succeed the late Pres. J. W. Evans, deceased who had carried on very efficiently for three years. The election of officers followed the reading and accepting of the last minutes and also the financial statement up-to-date.

Following is the list of the executive and Committee Chairman chosen, all being by acclamation:

President, John F. Salmon.
Vice-President J. O. Hicken
Sec-Treas: Herb. Wilde.
Membership: J. D. Hall.
Roads and Community improvement: Frank R. Taylor.
Program and Entertainment Mutt Ralph.

Now Industries: Alvin Jones.
Resolutions: Wm. W. Wilde.

There was considerable discussion re the program of the Board of Trade it was decided to have a membership drive, and then at the meeting following this to decide on a definite program for the coming year.

Another meeting is called for Wednesday, June 6th to get a report from the Stampede Committee and see if there is anything that the Board can do to help put this annual undertaking over.

PLEASE FOLKS!

The Lions Club are working down Memorial Park, getting it ready for seeding to grass. The Town Council is co-operating with the Club in this project, and the Council has asked us to ask Raymond people to please refrain from making paths across this plowed land, as it will make it so solid and packed so hard that nothing can grow.

We are sure Raymond people will want to assist in this project, and you can, by refraining from making a public highway of this part of the park for awhile at least until the grass gets well and firmly rooted. Thank You.

Ken Blair of the Robin Hood Co. was here from Lethbridge on Tuesday.

From newspaper reports, the political meetings are very poorly attended this year in the agricultural areas because of the lateness of the season and much of the electioneering is done in the field while farmers are greasing or gassing their tractors.

Our Junior Baseball team, coached by Art King, played a return game with Stirling Sunday afternoon, last and won for the second time. Sunday's score was 2-1 for the local boys and they say it was a dandy game with Jack MacPhee serving up some real hot stuff from the pitcher's box.

CROP CONDITIONS

Crops are slow but work is being pushed and most of the wheat is seeded. Course grains are being put in now. There is one consolation in the busy season. The tractor can be pushed 18 or 20 hours a day to make up for lost time, whereas old debbin used to have to have his rest.

Beets are showing good and are receiving their first cultivation with thinning and hoeing following up the cultivator. Fieldmen report that the damage from the big wind early this month is negligible so far as present appearance indicate.

Moisture conditions are good but rains will be needed again before many days to germinate freshly seeded crops. Warm weather and good growing conditions are all we need for a better than average crop.

Security with Freedom!

Your Vote on June 11th can bring lasting security to your work, your home, your family!

Security for your WORK

Here are some of the definite, practical steps taken by the Liberal Government to give security to home and family by assuring well-paid post-war jobs for everyone:

For Veterans — The most generous plan of any United Nation to get returned men started in the type of work each of them chooses. The Liberal Government is determined that every man and woman coming home to Canada shall return to the land of greatest opportunity in the world.

For Workers — About a third of all Canadians depend on exports for their livelihood. Liberal plans provide for increasing our exports 60% in value over those of 1939.

For Farmers — Acting on the belief that all Canadians prosper when farmers do, the Liberal Government has arranged that they can improve their farms and equipment under a new loan plan and has arranged to put a floor under the prices of farm and fishery products.

To stimulate employment for all, the Liberal Government has created a special Department of Reconstruction which is now in operation and which will co-ordinate private and public enterprise.

Security for your HOME

The Liberals believe that the home is the heart of the nation. They aim to give Canadians every possible facility to build and furnish better homes! With Government assistance you can build a home in the country, town or city. This will make jobs for the building trades, and those who make building supplies—and those who manufacture household equipment and furniture.

New Homes for Canadians — The Liberal Government's new \$400,000,000 National

Housing Act, now on the statute books, enables hundreds of thousands of Canadians to get money at low interest and on long, generous terms to build, renovate or enlarge their own homes. Now that Germany is defeated, plans are already in operation for at least 50,000 dwellings.

Other practical, workable measures for the security of your home are the Liberal Government's laws for Unemployment Insurance and Liberal Old Age Pensions.

The Liberals believe in doing what can be done, as soon as it can be done. If returned to power on June 11th, they will carry on and expand the sound, constructive work already started.

Security for your FAMILY

Family Allowances — Starting in July, parents who benefit least from income tax exemptions will receive Family Allowance cheques every month to help them get better food, clothing, shelter and education for their children so they can grow into healthy, vigorous Canadian citizens. These cheques will amount to between \$200,000,000 and \$250,000,000 a year. As direct spending power, this will do much to help in achieving the Liberals' objective of full employment.

Health — A National Health Plan will ensure that everybody shall be taken care of while they are sick and the best measures medical science can devise shall be employed to prevent disease.

Despite the efforts of Drew, Bruce, Bracken and other reactionaries, the Liberals are determined that human interests, the needs of men, shall be placed before "business as usual".

The Liberals have faith in Canada, a united country, and in their ability to continue to build, with your support, a more abundant life and greater opportunities for Canadians.

Help build this new order of security with freedom. Protect the social gains already made. Vote for your Liberal candidate on June 11th.

3 OUT OF 8 JOBS DEPEND ON EXPORT TRADE

To-day—three out of eight Canadian workers are engaged in producing or moving goods for Canada's export market. Trade statistics prove, beyond all doubt, that in days to come—in a peacetime economy—the prosperity of Canada will continue to depend upon the volume of our export trade.

Here is a post-war challenge to Canada which can be met only by dynamic, far-reaching, progressive policies. International Trade is a two-way street. The forward-looking Progressive Conservative Party recognize, above all, that we must sell more and buy more. Our progressive policies for International Trade are deliberately designed to achieve that expanding Canadian economy which is the core of our political faith. We propose that Canada shall give a lead in the stabilization of post-war International Trade. Export Trade must be sought aggressively. To ensure a growing peacetime prosperity in which all Canadians shall share, THIS PARTY PROPOSES:

- A general overhaul of the Department of Trade and Commerce to convert it from a junior and unnecessary arm of the diplomatic service to a live department responsible for organizing, with exporters themselves, the sale of Canadian goods in the markets of the world.
- The establishment, under the auspices of and at the expense of the Department, of Training Courses for young War Veterans to become salesmen of Canadian goods in foreign countries.
- The development and expansion of an Export Association among manufacturers, large and small, to utilize the services of thoroughly trained salesmen and to serve as a clearing house for information to prospective exporters as to credits, foreign exchange problems, shipping documents, insurance, duties, tariffs, markets and all other information of value to exporters.

ping documents, insurance, duties, tariffs, markets and all other information of value to exporters.

- The establishment of an Export Board with power and authority to determine and pay whatever difference may exist between a fair Canadian price and the actual world market price on approved items of export selected with a view to maintaining a balanced Canadian economy.

We, of the Progressive Conservative Party, recognize that world trade is essential to Canada's welfare. It must expand. And Canada, as a surplus producing country and a large exporter, must be active, dynamic in promoting International Trade as the instrument of national prosperity. This Dominion must be prepared, also, to give long-term credits to Britain and, in proper cases, to devastated and economically backward countries.

In this way alone—by progressive policies applied to International Trade—will the customers for our goods grow in number with growing national prosperity. In this way, too, the Progressive Conservatives will extend to Canada's foreign trade the vitalizing, progressive responsibilities of Government, as recognized by us at our National Convention, 1942, in these words:

"It is the duty of the State to maintain at high level the income and standard of living of the individual citizen, whose interests must be paramount."

To Electors of Lethbridge Riding:

Wheat, Beets, Cattle

I cannot ask you to come to meetings—it is impossible for me to meet each one of you before Election Day. If I could meet you, I would talk to you about Wheat—Beets—and Cattle, tell you what John Bracken knows and says about these three major commodities.

First of all about WHEAT -- we must keep the WHEAT BOARD--(no more control by the Grain Exchange.) Years of work, the help of the late John I. McFarland -- John Bracken and the farmers of Western Canada gave us the BOARD SYSTEM. Bracken will continue the WHEAT BOARD SYSTEM.

SUGAR BEETS -- You know our position today. Only through continuous effort on the part of ourselves, can we hope to preserve or improve the Beet industry of this country. John Bracken has given me his personal word that the beet growers will have a SQUARE DEAL and the industry will be protected against unfair competition.

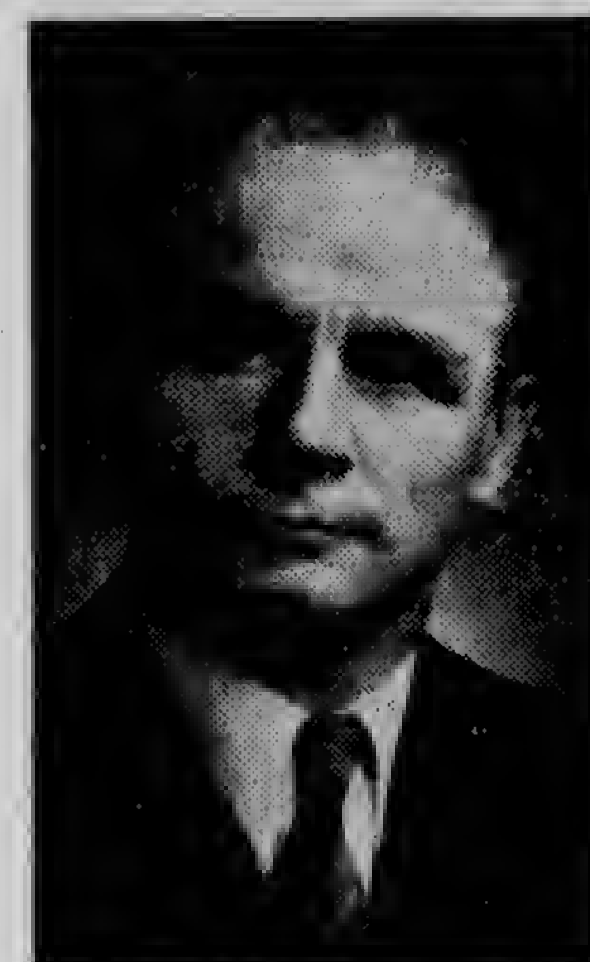

CATTLE -- Our Wheat and Sugar Beets lose their real value unless this industry prospers. The natural market for our surplus cattle is the United States.

John Bracken says --

"It is not foreordained that farmers shall work for less pay than anybody else; or have their children receive only one-quarter the chance of a secondary education, or one-tenth the chance of a university education that other children get; or see their wives forced into lives of toil, often 12 but sometimes 14 hours a day — Sundays and holidays included . . . The trouble is that no one with the necessary authority has determined to correct the basic economic ills of Agriculture."

BRACKEN WILL ABOLISH INJUSTICE TO FARMERS

John Bracken, the farmer, is not content, merely to point out the injustices of which he, and every other farmer, is only too well aware. He is determined to abolish these economic ills, these injustices, immediately and permanently. John Bracken guarantees definite PROTECTION FOR FARMERS against income collapse and wide extremes of income fluctuation:

- The Farmer shall be guaranteed a just and proportionate share of the nation's income.
- This will be done by a system of fair prices to be announced before the season of production. The farmer will then carry on with the assurance that he will receive a just share of the national income. He will thus

have money to buy farm implements and provide for comforts. His own living standard will be permanently raised and he will be able to contribute to community welfare.

- We shall re-establish a Natural Products Marketing Act.
- We shall appoint a Board of Livestock Commissioners in which shall be vested power to regulate and direct all aspects of livestock marketing in somewhat the same manner as the Board of Grain Commissioners regulates the handling of wheat.

These are only the highlights of the Bracken Party's pledge to Canadian farmers. Join John Bracken in his fight for farmers' rights.
